## ELYSIUM: A FEAST OF THE ELEMENTS

*A guided journey through four courses, each paired with a cocktail of equal spirit and sensation.*

---

### PRELUDE – EMBER & EARTH

A grounding welcome. House-made bread where fire meets earth — expect deep, crackling crusts, earthy notes and a quiet spark of warmth before the journey begins.

*Paired with: Penfolds Rosé Sparkling Champagne*

---

### FIRST ENTRÉE - DISSOLVE

A fleeting beginning. Light as a whisper, dissolving with the breath of the sea. Expect textures that float and freshness that lingers, stirring the senses into motion.

*Paired with: A delicate, saline-led cocktail that echoes ocean breeze and ethereal textures.*

---

### SECOND ENTRÉE - TIDESHIFT

A fluid shift. Depth and clarity collide in a course that glides between slow-braised richness and shimmering broth. Waves of flavour unfold in a rhythm both familiar and elusive.

*Paired with: Dark meets light. This cocktail plays with tension, echoing the push-pull of the dish's rhythm.*

---

### MAIN COURSE - IGNITION

The heart of the flame. Charred, flame-kissed and alive with ocean harvests. A course ignited by open fire and spirit, smouldering with depth, warmth, and a flicker of theatre.

*Paired with: Smoky and just sweet enough. This cocktail burns slow with smoke, heat, and a flash of citrus.*

---

### DESSERT - UNEARTHED

A grounded ending. Rich, deep and textural — where dark fruits, chocolate, and seasonal harvests reveal themselves in their truest form. A final breath of the land itself.

*Paired with: Dense, earthy, and indulgent. A dessert cocktail that unearths richness without excess.*
